EXPERIENCE

Implementation Project Manager

July 2022 - March 2026

Neome.ai – B2B Workflow Automation SaaS (Seed-stage, 100+ enterprise clients)

India

- **Key clients:** Aditya Birla Group, Vadilal, Wagh Bakri, Nexzu Mobility, Esprit Stones, Maniarr Khakhra
- **End-to-end project delivery:** Sole delivery owner for **100+ enterprise and SME accounts** – managed full project lifecycle from discovery and BRD writing through configuration, go-live, and ongoing relationship management across manufacturing, FMCG, logistics, events, HR, and CRM.
- **Project planning & execution:** Defined project plans, timelines, milestones, and success criteria for each implementation – tracked dependencies, flagged risks proactively, and kept up to **10 concurrent projects** on schedule without operational downtime.
- **Requirements & specs:** Ran discovery sessions with client operations, IT, and C-suite teams – translated complex multi-step business processes into detailed BRDs and functional specs used directly by engineering to build and configure the platform.
- **Technical configuration:** Hands-on delivery using NeoQL, form builders, and automation logic – replaced manual spreadsheet-based operations with real-time automated systems, achieving **80%+ reduction in manual effort** across deployments.
- **Platform migrations:** Led migration of clients off **7+ existing tools** including Zoho CRM, Unolo, Excel, and WhatsApp-based workflows into Neome – managed data mapping, workflow recreation, user onboarding, and go-live with zero operational downtime.
- **Process standardisation:** Built reusable implementation playbooks, onboarding checklists, and per-industry configuration templates – **cut implementation cost by 50%** and maintained consistent go-live quality across concurrent accounts.

Quality Assurance Analyst

Wolters Kluwer India

Remote

- Reduced release bugs by **25%**, increased test coverage by **20%**, and cut testing cycle time by **30%** through automation frameworks – recognised with Employee of the Month for **95% test coverage** and **15% QA efficiency** gain.

KEY IMPACT

- **FMCG Field Operations:** Deployed workflow system across **800+ field agents** – compliance **40% → 90%+**, order processing **5x faster**, follow-up **12x faster**, **100%** order accuracy.
- **Manufacturing Automation:** Replaced manual production and inventory tracking with real-time automation – **85%** efficiency gain, **90%** error reduction, full digitisation, **24/7** monitoring.
- **International FMCG:** End-to-end delivery for international clients – remote discovery, cross-timezone coordination, go-live with no on-site presence.
